INDEX TO TECHNICAL NEWS BULETIN 1942, NUMBERS 297 TO 308, INCLUSIVE

Page

A

Abbe-type refractometers, testing and accurate use 76
Acid titration data, calculation of protein-anion affinity constants 12
Acidity and alkalinity of aqueous solutions, provisional standards 71
Acids, aldonic, lower, preparation 72
Acids, combination with wool, in mixtures 92
Acrylic resins for dentures 1
Adsorbents, bone black and other, surface 71
Aging, accelerated, of lace leathers 303
Air permeability of fabrics 35
Air raid warning devices 33
Air raids, protection of radium during 51
Airplane-camera lenses, wide angle 70
Aldonic acids, lower, preparation 72
Altitude, effect on knock rating 42
Altitudes, high oxygen requirements 95
Altitudes, various, knock rating tests 6
Ampere, absolute determination 10
Anions of strong acids, affinities for wool protein 12
Anomaly, the beta, in rubber 42
Antimony, the first spectrum 28
Austenite, formation in an iron-carbon alloy 63
Austenitic grain size in steels 51
Automobiles, dead storage 33
Award of "E" pennant to Bureau by Navy 17
Axes, forged, simplified practice recommendation 13, 87

B

Bars, steel reinforcing, simplified practice recommendation 56
Batteries and dry cells, specification 31
Beater practice in manufacture of offset papers 20
Belting leather, methods of testing 5
Benzoic acid, heat of combustion 77
Bombs, incendiary, the building as a defense against 83
Bombs, incendiary, light from, protection of eyes 26
Bombs, incendiary, structural protection against 17
Bonding layer of soft-soldered joints 29
Bone black and other adsorbents, surface 71
Bone black, determination of carbon and hydrogen in 44
Boxes, fiber, for canned fruits and vegetables, simplified practice recommendation 14
Brazil, rubber laboratory in 91
Bricks, freezing and thawing tests 63
Broadcast, standard frequency revised 9
Building code, local, preparing 13
Building code requirements, recommended, for dwelling construction 93
Building construction, field inspector's check list 55
Building construction, method for developing specifications 68
Building construction, redesign and substitution 13

Building, the, as a defense against incendiary bombs 83
Buildings, water-distributing systems in 4

C

Calcium carbonate in rubber 20
Calcium chloride, effect on concrete 86
Carbohydrate chemistry, use of polarlscope 75
Carbon and hydrogen, determination in bone black and other chars 44
Carpets, wear tests 86
Catalyzed hydrolysis of proteins 85
Cathodic protection of pipe lines 4
Cellulose acetate, fractionation 61
Cellulose and magnesium, self-ignition temperatures 78
Cellulose, oxidation 61
Cement-concretes, high-early-strength 93
Cement, portland, potash compounds in 92
Certification plan 67
Chairs, folding, for school use 12
Chalks, simplified practice recommendation 57
Chars and bone black, determination of carbon and hydrogen in 44
Check list, field inspector's, for building construction 55
Clay products, structural, low-cost glazes 37
Clays, modeling, simplified practice recommendation 57
Coatings for protecting metals from soil corrosion 4
Code, building, local, preparing 13
Code requirements, recommended building, for dweling construction 93
Cold-worked surface layers, thickness 62
Color, photoelectric measurement 76
Columns, steel, perforated cover plates for 43
Commercial standard for artists' oil paints 36
Commercial standard for clinical thermometers 68
Commercial standard for driving and passing lamps 21
Commercial standard for gas floor furnaces 56
Commercial standard for multiple-coated, porcelain-enameled, steel utensils 57
Commercial standard for oil-burning space heaters 56
Commercial standard for staple vitreous china plumbing fixtures 68
Concrete, effect of calcium chloride 86
Concrete, paving, compacted by vibration 5
Concretes, cement-, high-early-strength 93
Conference of State utilities commission engineers, twentieth annual 49
Conference, soil corrosion, 1942 22
Constant of gravitation, redetermination 50
Construction requirements, recommended code for dwellings 93
Copper tubing, lead-base soldered joints in 55
Corrosion in soils 45
Corrosion, soil, coatings for protecting metals from 4
Corrosion, soil, conference, 1942 22

	Page
Corrosion, soil, of pipe lines, cathodic protection	4
Corrosion, soil, summary of data	54
Corrosion studies, soil, 1939	22
Cover plates, perforated, for steel columns	43
Coverings, floor, dimensional changes	69
Crayons, simplified practice recommendation	57
Creep rates of monel metal	28
D	
Densities of synthetic rubbers	91
Dental impression materials, shelf life	78
Dental materials, physical properties	34
Dental resins, curing, substitute for tin foil in	62, 78
Dentures, acrylic resins for	1
Directory of testing laboratories, revised	31
Dishes or trays, food, simplified practice recommendation	35
Dry cells and batteries, specification	31
Ducts, heating, substitutes for metal in	94
E	
"E" pennant, awarded by Navy to Bureau	17
Earth-wall constructions	5
Earths, rare, analysis	22
Elastic properties of alloy cast irons	2
Elasticity of wool	53
Electrical conduction in glass	27
Electrical units, absolute determination of the ampere	10
Electricity, static	71
Emergency alternate specifications	67
Enamel, porcelain, weather resistance	43
Expansivity of a Vycor brand glass	2
Eyes, protection against light from incendiary bombs	26
F	
Fabrics, air permeability	35
Fading rate of paints	44
Fatigue, flexural, of textiles	53
Ferrous materials, elimination of oxide films	36
Fibers, textile, characteristics	85
Finn, Alfred N., death	88
Firebrick, spalling	45
Fires from bombs, the building as a defense against	83
Fixed point, basic, triple point of water as a	71
Flannel, cotton canton, for work gloves, simplified practice recommendation	35
Flax, microscopic structure	52
Floor coverings, dimensional changes	69
Floor coverings, performance test, fourth progress report	33
Flow-manostat for various purposes	59
Flow of water in open channels	50
Fractionation of cellulose acetate	61
Freezing and thawing tests of bricks	63
Frequency, standard, revised broadcast	9
Fresnel reflection of diffusely incident light	85
Frictional properties of rubber	26
Fuel, motor, precision of testing	60
Furnaces, gas floor, commercial standard	56
G	
Gauze, surgical, simplified practice recommendation	87
Geiger-Müller counters, testing	95
Glass, electrical conduction in	27
Glass volumetric apparatus, testing	27
Glass, Vycor brand, expansivity	2
Glazes, low-cost, for structural clay products	37
Glossary of housing terms	87
Gloves, work, cotton canton flannel, simplified practice recommendation	35
Grain size, austenitic, in steels	51
Gravitation constant, redetermination	50
Gravity, absolute determination, Potsdam, a reexamination	84
H	
Hahner, C. H., chief of glass section	88
Handbook on weights and measures administration	1
Hardness of steel plates	52
Heat of combustion of benzoic acid	77
Heaters, oil-burning space, commercial standard	56
Heating ducts, substitutes for metal	94
Housing terms, glossary	87
Hycar O. R. synthetic rubber, specific heat	52
Hydrolysis, catalyzed, of proteins	85
I	
Impression materials, dental, shelf life	78
Indigestibility of wool protein	77
Integrals, sine and cosine, tables	72
Interval selector for random pulses	95
Iron-carbon alloy, formation of austenite in	63
Iron, high purity	36
Irons, alloy cast, elastic properties	2
Isotherms, critical, of pure substances, equation	61
J	
Jacks, screw, bell-bottom, simplified practice recommendation	45
K	
Knees of rigid frames, stresses in	13
Knock rating, effect of altitudes	42
Knock rating, motor fuel, precision	60
Knock rating tests at various altitudes	6
L	
Laboratories, testing, revised directory	31
Laboratory, rubber, in Brazil	91
Lamps, driving and passing, commercial standard	21
Leather belting, methods of testing	5
Leathers, lace, accelerated aging	54
Lenses, airplane-camera, wide angle	70
Light, diffusely incident, Fresnel reflection	85
Logarithms, natural, of the decimal numbers from 5.0000 to 10.0000, tables	46
Logarithms, natural, 16-place tables	14
M	
Magnesium and cellulose, self-ignition, temperatures	78
Manostat, flow-, for various purposes	59
Mars, planet, temperature estimates, revised	22
Mathematical tables, moments of inertia and section moduli	38
Mathematical tables, natural logarithms	14, 36
Mathematical tables, probability functions	80
Mathematical tables, sine and cosine integrals	72
Metals, coatings for protection against soil corrosion	4
Metals, nonferrous, oxidation	37
Metals, tensile elastic properties	21
Microscopic structure of flax	52
Moments of inertia and section moduli, tables	38
Monel metal, creep rates	28
Mortars, refractory bonding	30
Motion-picture projectors, 16-mm, requirements	59, 70

N

Navy awards "E" pennant to Bureau 17
Nonferrous metals, oxidation 37

O

Organizations, technical and trade, standardization work 18
Oxidation of cellulose 61
Oxidation of nonferrous metals 37
Oxide films on ferrous materials, elimination 36
Oxygen requirements at high altitudes 95

P

Paints, artists', oil, commercial standard 36
Paints, fading rate 44
Papers, offset, beater practice 20
Parachute opening, optimum time of delay 41
Paving concrete compacted by vibration 5
Permeability, air, of fabrics 35
Permeability, water, of walls built of masonry units 54
Personnel changes 88
pH standards, provisional 71
Phase-equilibrium studies involving the potash compounds of portland cement 92
"PHC" prefabricated wood-frame construction 79
Photoelectric measurement of color 76
Pipe fittings, simplified practice recommendation 30
Pipe lines, cathodic protection 4
Plastics, recent developments 25
Platinum resistance thermometers, intercomparison 10
Plumbing fixtures, staple vitreous china, commercial standard 68
Polarimetry, new circular on 75
Polarographic studies of sugar acids 2
Porcelain enamel, weather resistance 43
Porosity, a volumenometer for measuring 85
Portland cement, potash compounds in 92
Potash compounds in portland cement 92
Potsdam absolute determination of gravity, a reexamination 84
"Precision-built, Jr." prefabricated wood-frame wall construction 69
Prefabricated wood-frame wall construction, "Precision-built, Jr." 69
Probability functions, tables 80
Projectors, motion picture, 16-mm, requirements 59, 70
Protein-anion affinity constants, calculation from acid titration data 12
Proteins, catalyzed hydrolysis 85
Pulses, random, interval selector for 95
Pure substances, equation for critical isotherms 61

R

Radiation, ultraviolet, in high latitudes 35
Radio broadcast, standard frequency revised 9
Radium, protection during air raids 51
Redesign and substitution in building construction 13
Reflection, Fresnel, of diffusely incident light 85
Refractometers, Abbe-type, testing and accurate use 76
Refractory bonding mortars 30
Rigid frames, stresses in knees 13
Roeser, William F., chief of section on mechanical metallurgy 88
Roofing materials, survey in south central States 54
Rubber, the beta anomaly in 42
Rubber, calcium carbonate in 20
Rubber, evaluation of processes for producing 19
Rubber, frictional properties 26
Rubber laboratory in Brazil 91
Rubber, synthetic, densities 91
Rubber, synthetic, Hycar O. R. specific heat 52

S

School furniture, specification for folding chairs 12
Screw-thread standards for Federal services, revised 14
Section moduli, tables 38
Self-ignition of cellulose and magnesium 78
Shovels, spades and scoops, simplified practice recommendation 79
Signals, air raid warning 33
Simplified practice recommendation for bell-bottom screw jacks 45
Simplified practice recommendation for cotton canton flannels for work gloves 35
Simplified practice recommendation for crayons, chalks, and modeling clays 57
Simplified practice recommendation for fiber boxes for canned fruits and vegetables 14
Simplified practice recommendation for food trays or dishes 35
Simplified practice recommendation for forged axes 13, 87
Simplified practice recommendation for pipe fittings 30
Simplified practice recommendation for shovels, spades and scoops 79
Simplified practice recommendation for steel reinforcing bars 56
Simplified practice recommendation for stove pipe 56
Simplified practice recommendation for surgical gauze 87
Sine and cosine integrals, tables 72
Smith, W. Harold, chief, section on organic chemistry 88
Soil-corrosion studies, 1939 22
Soil corrosion, summary of data 54
Soils, corrosion in 45
Soldered joints, lead-base, in copper tubing 55
Soldered joints, soft, changes in bonding layer 29
Sound motion picture projectors, 16-mm, performance requirements 70
Spalling of firebrick 45
Specific heat of synthetic rubber, Hycar O. R. 52
Specification for dry cells and batteries 31
Specifications, emergency alternate 67
Specifications for building construction, method for developing 68
Spectrographic analysis of commercial tin 11
Spectrum, first, of antimony 28
"Speedbrik" wall construction 69
Stability of wools enhanced by chemical modification 78
Standardization work of technical and trade organizations 18
Standards, pH, provisional 71
State utilities commission engineers, twentieth annual conference 49
Static electricity 71
Steel plates, hardness 52
Steel sheets, stainless, properties 29
Steel, welding quality 3
Steels, austenitic grain size in 51
Storage, dead, of automobiles 33
Stove pipe, simplified practice recommendation 56
Stress, residual, relief of, in streamline tierods 43
Stresses in knees of rigid frames 13
Structural properties of "PHC" prefabricated wood-frame construction 79
Structural protection against incendiary bombs 17
Sugar acids, polarographic studies 2
Sugar industry, use of polariscope 75
Swanger, W. H., death 88
Synthetic rubbers, densities 91

T

Tables, mathematical, moments of inertia and section moduli 38
Tables, mathematical, natural logarithms 14, 36
Tables, mathematical, probability functions 80
Tables, mathematical, sine and cosine integrals 72
Tee-bend test for welding quality of steels 3
Temperature estimates of the planet Mars, revised 22
Tensile elastic properties of metals 21
Testing laboratories, revised directory 31
Textile fibers, characteristics 85
Textile Research War Council 42
Textiles, flexural fatigue 53
Thermometers, clinical, commercial standard 68
Thermometers, platinum resistance, intercomparison 10
Thermometers, resistance, electrical conduction in glass insulation 27
Thickness of cold-worked surface layers of metals 62
Thompson Award, Sanford E., presented to John Tucker, Jr 64
Thompson, J. G., assistant chief, metallurgy division 88
Threaded parts, Federal standards 14
Tierods, streamline, relief of residual stress 43
Tin, commercial, spectographic analysis 11
Tinfoil, substitute for, in curing dental resins 62, 78
Trays or dishes, food, simplified practice recommendation 35
Triple point of water as a basic fixed point 71
Tucker, John, Jr., receives Sanford E. Thompson Award 64

U

Ultraviolet radiation in high latitudes 35
Units, masonry, water permeability of walls built of 54

Page

Utensils, steel, multiple-coated porcelain enamel, commercial standard 57
Utilities commission engineers, State, twentieth annual conference 49

V

Vibration, use of, in compacting concrete 5
Volumenometer, an improved 85
Volumetric apparatus, glass, testing 27
Vycor brand glass, expansivity 2

W

Wall construction, prefabricated wood-frame, "Precision-Built, Jr." 69
Wall construction, "Speedbrik" 69
Wall constructions, earth 5
Walls built of masonry units, water permeability 54
Water-distributing systems for buildings 4
Water flow in open channels 50
Water, triple point, as a basic fixed point 71
Waters, Campbell E., retirement 88
Wear tests of carpets 86
Weather resistance of porcelain enamel on iron structural units 43
Weights and measures administration handbook 1
Welding quality of steel 3
Wichers, Edward, assistant chief, chemistry division 88
Wide angle airplane-camera lenses 70
Wood-frame construction, "PHC" prefabricated 79
Wool, combination with acids in mixtures 92
Wool, elasticity 53
Wool protein, affinities of anions of strong acids for 12
Wool protein, indigestibility 77
Wools, chemically modified, of enhanced stability 78

X, Y, Z

X-ray machines, tests of, for the Government 70
